Local Notes.  
Messrs. J. W. Dunnivant and James Hamilton, of Chester, witnessed the game of ball on Thursday evening.

"Omnes Probandi" is reminded that we cannot publish any article unaccompanied with the real name of the author.

Chester is modest if nothing else. She wants the Governorship, State Treasurer and Congressman. Here is a rival to Edgemoor.

A violin class has been organized under the tutorage of Dr. E. H. Edwards. Our people may expect a serenade from the string band in a short while.

The thermometers around town have for the past few days been ranging in the nineties, and the general cry is that it never gets much warmer in this section.

The Baptist congregation, of this place, have under consideration the building of a parsonage. So far the subscriptions have been gratifyingly encouraging.

The new building in course of construction by Dr. W. E. Aiken is rapidly going on, and when completed will be quite an addition to the architecture of our town.

Aiken county took the lead by having her primary on the 28th inst. The vote was the smallest polled in several years. Too much work to do seems to have been the cause.

The Chester Base Ball Club failed to come down on Tuesday, but will come soon. In the meantime our boys are practicing every day in order to more effectively wipe out the diamond with them.

Up to date no one has been mentioned as a probable opponent of the Hon. W. H. Perry, our present member of Congress, and it is very probable that he will have a walk over in the Convention.

The Court House Ring has been speculating considerably as to who will be the successful candidates for States offices. A clean sweep, with perhaps two exceptions, seems to be the general opinion.

On Tuesday night the Aurora borealis was plainly visible in the Northern skies. But few of our citizens noticed the phenomenon, but those who did were fortunate in seeing such a beautiful and brilliant display.

After a very successful session of fifteen days the singing school at this place, under the efficient professorship of Dr. E. H. Edwards, closed on Wednesday evening. Three sessions were held each day, and were remarkably well attended.

The young ladies of this place have had under consideration a "boombrill" for sometime in August, but owing to the withdrawal of several young ladies the drill is off. It is hoped that they may yet succeed in carrying out their plans.

Ladies and Misses' White Jersey Jackets and Assorted Colors of Embroidered Scarfs. Patent Reversible Wire Bustles. Sun Hats and other goods just received. And don't forget the best Family Sewing Machine on the market at J. O. Boag's.

We hear some of our friends in the country complaining that Winstonsboro is a poor place to sell country produce, as such vegetables, etc. Exactly so, for every person in town probably has a garden, and our gardens are no doubt superior to those in the country. If our friends will trot in their water-melons, chickens and eggs, they will find this an excellent market.

Henry Clay, statesman, once went to Philadelphia. He attempted to show some little boys how to hitch a billy goat. He grabbed the goat by the horns and after being butted around promiscuously, he yelled out despair: "What must I do with him?" The inevitable small boy answered: "You darn fool turn him a loose."

Moral: If a statesman can't manage a billy goat, how can some people manage a government?

There is some talk of having no regular canvass by the candidates. This is a very bad scheme as every candidate should stand up square and show his views to the people. It has been suggested that if there shall be no regular canvass every man in the country should turn his home into a boarding house, and the inevitable candidate will be there. In the meantime the private canvass will pursue the even tenor of its course until the Executive Committee decides whether we shall or shall not have a canvass.

WOODWARD CLUB.—The Woodward Democratic Club will meet at Woodward on Saturday evening, August 7, at 8 o'clock.

T. W. BRICE, Secretary.

McMaster, Brice & Ketchin can always be relied upon not only to carry in store the best of everything, but to secure the Agency for such articles as have well-known merit, and are popular with the people, thereby sustaining the reputation of being always enterprising, and ever reliable. Having secured the Agency for the celebrated Dr. King's New Discovery for Coughs, Croup, Whooping Cough, etc., it will surely cure any and every affection of Throat, Lungs, and to show our confidence we have the right to call and get a Trial Bottle Free.

FAIRFIELD AT THE CITADEL.—Among the graduates of the South Carolina Military Academy this week, the first class since the war, we are pleased to notice the names of two Fairfield young men, Messrs. R. T. Crawford and W. D. Gaillard. We congratulate these young gentlemen upon their graduation, and wish them a successful life in whatever profession they may choose as their life work.

A COLUMBIA STRIKE.—Twenty-eight of the hands employed on the Columbia street railway refused to continue work on Wednesday, unless their wages were advanced twenty-five cents per day. Under the charter of the company no convict labor can be used, but it is hardly probable that the company will have any difficulty in securing other hands. No violence was attempted on those who did not join the strikers.

PERSONAL.—Messrs. R. T. Crawford and W. D. Gaillard, who have just returned from the Citadel Academy, returned home on Saturday last. Their many friends are pleased to welcome them home.

Miss Adeline Wachtel, of Chester, is visiting friends and relatives in town.

We are glad to see Mr. H. B. McMaster up and well again. He has been quite sick for some days.

We are glad to learn that the Rev. J. C. Chalmers' condition has materially improved, and that he is on a fair road to recovery.

THE FAIRMEN.—The farmers of the Salem neighborhood organized an agricultural club at Salem Church on Saturday, the 31st July. The following officers were unanimously elected:

President—C. P. A. Broom.  
Vice-President—W. B. Estes.  
Secretary—S. T. Clowner.

Delegates to County Convention—D. M. Milling, W. B. Estes, W. J. Burley, Thomas Wilks.

The Club adjourned to meet on the second Saturday in August.

THE GLADDEN'S GROVE CLUB.—At the call of the presidents the Gladden's Grove Democratic Club met on the 23rd July to decide which of the three candidates of the township, for the office of County Commissioner, viz: Messrs. J. M. Higgins, Jas. G. Johnston and Dr. J. A. Scott, the Club would endorse. After a free and fair race and hotly contested, the Club decided in favor of Dr. J. A. Scott.

By motion of Mr. J. M. Elliott the vote was unanimous in favor of Dr. J. A. Scott. J. M. ELLIOTT, Secretary.

DEATH.—We are pained to announce the death of little Dixon Boyles which occurred on Friday morning at 2:30 o'clock. He had been sick only a short time, but the weakening disease, dysentery, was more than the little fellow could stand, and he quietly passed away at the above stated hour. He had just reached an interesting age, two years, two months and twenty-seven days, and only those who have experienced it can realize such a loss. The remains were interred in the Presbyterian church-yard on Friday evening at six o'clock. The family have the heartfelt sympathy of the entire community in their affliction.

OAKLAND FARMERS' ASSOCIATION.—An organization of farmers took place at Oakland on the 16th July. Twenty names were enrolled. An election was then held with the following result:

President—Jas. P. Cason.  
Secretary—J. C. Williamson.  
Delegates to County Convention—W. S. Durham, T. W. Rawles, Jas. P. Cason.

Alternates—J. S. Tidwell, B. F. Cassels.

The subject for discussion at our next meeting is "whether cotton can or cannot be made a paying crop." The Association then adjourned to meet again on August 6th, at 3 o'clock, p. m.

BEAR CREEK DEMOCRATIC CLUB.—The Bear Creek Democratic Club met on Saturday evening, July 31, at 4 o'clock, the regular officers in their places. The Club then proceeded to pass upon the proposed amendments to the constitution of the Democratic party.

The amendments to Article IV. were adopted by the Club, but the one to Article XII, changing the ratification of amendments by two-thirds to one-half of them, was rejected.

The Club then adjourned until the second Friday in August, at 4 p. m.

J. B. DUKE, Secretary.

[The last-mentioned amendment was incorrectly published. The County Convention proposed to substitute a majority for two-thirds.—ED.]

BEAR CREEK FARMERS' CLUB.—The farmers of Bear Creek came to order on Saturday evening, July 31, immediately after the adjournment of the Democratic Club. After effecting a temporary organization and listening to a very interesting and instructive address by Mr. R. A. Meares, of Ridgeway, the Club proceeded to elect permanent officers and delegates to the County Convention in Winstonsboro, with the following result:

President—E. H. Heins.  
1st Vice-President—T. W. Sligh.  
2nd Vice-President—H. O. Duke.  
Secretary—M. L. Cooper.

Delegates to County Convention: At large—M. L. Cooper. For the Club—Lewis Sharp, H. C. Wilson, H. L. Duke.

The Club then adjourned to meet on the second Friday in August, at 4 p. m.

M. L. COOPER, Secretary.

A Mean Old General Routed.

Old "General Debility" has been put to flight in Arkansas, with happy results. From Dr. King's New Discovery, from Walnut Ridge, Ark., P. R. Anderson, E. M. Taylor and F. S. Pritchett all testify that they were all afflicted with general debility, and received solid benefit from Dr. King's New Discovery. It is pleasant to know, not only for Arkansas people, but for all sections of the country where general debility has counted victims by the thousand. For sale everywhere.

THE GRAPHIC NEWS.—The series of articles by prominent men of the country in the Graphic News, of Cincinnati, is attracting great attention and the highest praise. In the issue of the 31st, the Hon. Cassius M. Clay, of Kentucky, ex-United States Minister to Russia, and one of the ablest statesmen of the land, will write upon "Forests and Rainfall." The subject is unusually interesting one, and is most effectively handled. Amongst other interesting features will be a full page on the O-Washita-Nongas, the far-famed Boat Club of Grand Rapids, Mich., and their new club house, and the Philadelphia Public Buildings, the largest structure in the land, and portraits of leading men, including James Whitcomb Riley, the Hoosier Poet. In the issue of August 6 will be printed a lithographic supplement of Mrs. Geo. Foraker, of Ohio, the first of a series of portraits of prominent people.

THE CEDAR CREEK DEMOCRATIC CLUB.—Pursuant to notice a goodly number of the Cedar Creek Democratic Club met at Dunlap's mill Saturday evening, July 17, for the purpose of reorganizing and to elect delegates to the County Convention. The President most creditably presided over the Club.

The following-named officers were elected: J. S. Gummell, president; D. A. Broom, vice-president; John W. Smart, member of County Executive Committee; Alfred M. Black, secretary and treasurer.

The delegates to the County Convention were elected as follows: J. W. Robinson, E. J. Richardson, D. A. Broom, A. M. Smart.

After the reorganization of the Club for the ensuing two years the president arose to express his thanks for his reelection, and requested a full attendance the second Saturday in August at 4 p. m., to meet the candidates and to attend to any business that we may deem proper to discuss.

Messrs. Editors, had you been present in company with the candidates your next copy would have been alive with election dots, as it was one of the most enthusiastic meetings that we have had in the "pine woods" since '76. This Club stands immovably faithful to the simon-pure Democracy.

A. M. R. [The above would have appeared sooner, but that the "copy" was mislaid.]

A MURDERER CAPTURED.—Jim Johnston, the murderer of Eli Free, was captured on Monday afternoon by Messrs. Henry Yarborough, Hazel Zealy and James Martin. He had been hiding himself among the negroes since the commission of the deed. He had also been hiding below Columbia, and had come back for the purpose of arranging for his final departure. Information having reached these gentlemen that Johnston was locked in a negro house near Strother, they quietly surrounded it and waited until the owner came from the field. The door was unlocked and after some search he was found in the loft. On demand, he came down, but made an attempt to reach the door; Mr. Zealy collared him and hauling out a plow line proceeded to tie him. Johnston was very much excited as were also the negroes who by this time numbered twenty. He thought he was to be lynched and prayed very loud and piteously. On assurance that he would not be hung by anybody, except probably by the Sheriff, he ceased his lamentations and quietly prepared to come to jail. He is now in jail awaiting his trial at the approaching term of Court. The murder of Mr. Free is familiar to all our readers, and it is well that his slayer has been caught. A reward of \$150 was offered for his capture.

THE "LAND OF THE SKY".—As a resort for those seeking pleasure in the mountains, or for invalids, or for business men seeking a resting-place, Saluda, North Carolina, presents inducements nowhere excelled. Saluda is situated near the summit of the Blue Ridge Mountains, 2,250 feet above tide water, protected on all sides by mountain peaks, which it seems nature has provided as perfect barriers against storms, cyclones, etc. There never has been a cyclone, nor even a storm of any serious nature, in that section. It is the highest point on the Asheville & Spartanburg Railroad. It is only two hours ride from Spartanburg, where it connects with passenger trains from Atlanta, Charlotte, Columbia and Augusta, arriving at Saluda at 6:30 p. m. The trestles are now being filled up, which makes it the safest road in the State. The scenery is magnificent. Pure, bracing air. Best freestone and chalybeate waters to be found in the land. The climate is really delightful. The "Mountain House", kept by Mr. A. Tanner, affords very comfortable accommodations. The building has been recently remodeled and improved. The fare is of the very best, and the proprietor and his assistants spare no pains to promote the comfort of the guests. As a summer resort, Saluda has no superior anywhere, and the "Mountain House" is the place to seek when you go there.

BLACKSTOCK VS. WINSTON.—A telegram was received on Wednesday evening by the Athletic Base Ball Club of this place, from the Cleveland Club of Blackstock, challenging them for a game on Thursday evening. The challenge was readily accepted and all things put in readiness for the game. Some time before the game commenced a large crowd of citizens had gathered on the college green to witness the contest. Promptly at the appointed hour the umpire, Mr. W. L. McDonald, called the game with the Athletics in the field. The Cleveland only secured one run on the inning, and the Athletics took the bat and chalked up five to their credit. The second inning the Blackstock men made three runs and retired, while the Athletics went out in one, two, three, order.

From this time out it was "nip and tuck", and at the close of the ninth inning the score stood even, which necessitated the playing of a tenth inning. The Athletics made one run and the Cleveland two, making the score stand 28 to 27 in favor of the Athletics. The game was very much enjoyed by all present, and the players of both clubs seemed to realize that they had met their match.

The following young men composed the two nines:

It is probable that the two clubs will play again at an early date.

THE FARMERS' MEETING.

A Large Representation from the Several Clubs—Synopsis of the Proceedings.

The meeting of the farmers, held in the Court House on Monday morning, was called to order by Mr. Thos. S. Brice, the chairman of the former meeting. Mr. John W. Lyles was appointed temporary secretary. The roll of townships was called, and every township was found to be represented, except No. 11.

The chairman stated that the first business would be the election of permanent officers. Mr. W. S. Durham nominated Mr. T. S. Brice for president. Major Woodward moved that Mr. Brice be elected by acclamation; and the motion was unanimously adopted.

Mr. Brice, in a brief speech, returned his thanks for the compliment, and expressed the hope that the farmers' movement, so handsomely represented in this meeting, would result in good to the whole people of the State.

Mr. Saml. McCormick was elected vice-president, and Mr. J. M. Stewart secretary, and Mr. J. M. Galloway treasurer—each unanimously and by acclamation.

A motion was made to elect delegates to the State Convention of Farmers, but after some little interchange of views, the motion was withdrawn, in order that other matters might be taken up.

The president calling for resolutions, Mr. J. M. Stewart offered the following:

Resolved, 1. That we regard the establishment of the Gladden Academy as inexpedient; and we recommend that the State appropriation now applied to its support be transferred to the South Carolina College, giving us one first-class institution, instead of two second-class ones.

Resolved, 2. That we urge those in authority to consider earnestly the project of establishing an Agricultural College; and, for this purpose, we suggest that the Legislature appoint a suitable person to examine into the workings of such colleges in other countries, and in Europe, in order to ascertain what has been the result of their operations upon the intellectual and material advancement of the agricultural classes.

Resolved, 3. That, in our opinion, the establishment of agricultural experimental stations would result in much benefit to the State; their number and location being determined by geological and climatic considerations.

Resolved, 4. That we regard the Agricultural Department of the State, from defects either in its constitution or in its management, as a failure; and we recommend its abolition.

Resolved, 5. That inasmuch as the purchasing power of money has increased at least twenty-five per cent since the present rate of public salaries was established, and also as our ability to pay them has decreased much more, we therefore insist upon a reduction of ten per cent. in the pay of all salaried public officials.

Mr. J. D. Harrison moved to table all the resolutions, but the motion was lost. The first resolution was then taken up, and quite a discussion ensued. Messrs. W. S. Hall and S. R. Rutland favored the resolution, and Messrs. J. D. Harrison and T. W. Woodward opposed the passage. Mr. Jno. W. Lyles suggested that in the present stage of the farmers organization the resolution was premature, and he moved the postponement of its consideration for the present. The motion was unanimously adopted.

Mr. Stewart then withdrew the remaining resolutions.

Major C. E. Thomas now renewed his motion to elect eight delegates to the State Convention of Farmers, to be held in November next. The motion prevailed, and the following-named gentlemen were elected by acclamation: T. S. Brice, T. W. Woodward, John W. Lyles, S. R. Rutland, Saml. McCormick, Wm. R. Rabb, J. M. Galloway, A. P. Irbly.

On motion, a committee of three was appointed to draft a constitution for the County Association, as follows: T. W. Woodward, Amos E. Davis and Hayne McMeekin. On motion of Mr. N. C. Robertson the president of the Association was added to this committee.

On motion of Mr. S. R. Johnston, it was resolved to extend an invitation to Mr. B. R. Tillman to address the farmers of Fairfield on the first Monday in September next.

On motion of Mr. John W. Lyles, it was resolved to invite Dr. John M. McDryde, president of the South Carolina College, to deliver an address before the Association—the day to be fixed hereafter.

On motion, Messrs. John W. Lyles and J. M. Stewart were appointed a committee to extend the above-stated invitations.

The Association then adjourned, to meet on the first Monday in September.

# WITHDRAWAL.

Messrs. Editors: With thanks to the friends who have done me the honor to nominate me for a seat in the House of Representatives, I respectfully decline to be a candidate.

# THE END OF GEORGE MOORE.

Execution of a Negro who was a Criminal Here in Fairfield, and Did Wrong in Charlotte.

The Charlotte Observer gives the particulars of the execution of George Moore, convicted in June last of a criminal assault upon his own daughter.

A short time before the execution Moore was visited by the Rev. A. G. McManaway pastor of the Baptist church, who had previously administered to the spiritual wants of the condemned man, and on entering the jail he proceeded to the cell in which the prisoner was confined. The preacher was greeted by Moore in a cordial manner, and the prisoner was cool and collected. He was dressed in a common suit of clothes, with a clean shirt. He had cast his shoes aside, and wore a clean white pair of stockings on his feet. His cast off clothing was neatly bundled and stored away in his cell, and on his cot lay an open Bible. To his ministerial visitor, Moore stated that he had nothing further to say except that he was innocent, and then he gave Mr. McManaway a slip of brown paper upon which, in lead pencil, was written the following statement, which he requested to be published:

"CHARLOTTE, N. C., July 2, 1885.  
"I, G. W. Moore, do hereby make a true statement of my life. My first God, was committed August 16, 1872, I took that which no man can give, but it was taken in self-defense. Secondly, in 1881, while in public business, I purchased stock of parties not belonging to them and was imprisoned for the same, but was released by Major T. Woodward, of Fairfield, S. C. Through all my ups and downs I have tried to serve the Lord. This last charge I am as clear of as the Angels in Heaven. Young and old, beware of false slanderers. I have given up all to Christ. The last chapter of Job, beginning with the 10th verse: 'O ye also, swearers and slanderers, pause before it is too late.'  
"Yours in Christ,  
"G. W. Moore."

After a few further words between the pastor and the prisoner, Sheriff Griffith stepped forward and strapped the prisoner's arms securely, and then led him around to the south corridor to the gallows. Moore's first glance at the dangling noose caused a perceptible shudder to pass through his frame, but he made no sign of emotion. He was assisted up the steps leading to the platform by the sheriff and officer Boyte, and when Moore felt the knot adjusted around his neck, he asked to be permitted to say a few words. His voice was low, but distinct, as he said: "I did not want to say anything until the rope was around my neck. You see where I stand, and the Lord knows I am innocent of the charge for which I am to die. An innocent man is to be killed. I want you to remember Griffith and say: 'Now, Sheriff, do your work.' The officer adjusted the black cap over the prisoner's head, and then hurriedly descending from the scaffold, he picked up an axe. The blade glittered in the air for a moment, then fell upon the rope which supported the trap. There was a sound of tumbling timbers, followed by a dull thud, and George Moore's body was dangling in the air. The fall was a full foot and the neck of the condemned man was broken. The body hung motionless, with the exception of the invariable twirling around, and there were no contortions. The drop fell at 11:05, and fifteen minutes later Drs. Bratton and Boyce removed the dead body, but the body was permitted to hang for thirty minutes. At the expiration of that time it was cut down, placed in a coffin, and sent to the poor house burial grounds for interment.

The "first wrong act" referred to in Moore's statement, was the killing of his stepfather. Moore was sent to the penitentiary, but was pardoned.

# FOR COUNTY COMMISSIONER.

We are authorized to announce the name of Mr. C. B. BLAIR as a candidate for the office of County Commissioner—subject to the action of the Democratic primaries.

# FOR COUNTY COMMISSIONER.

We are authorized to announce Mr. JAMES GELSTON as a candidate for the office of County Commissioner—subject to the action of the Democratic primaries.

# FOR REPRESENTATIVE.

We hereby nominate Mr. THOMAS S. BRICE as a candidate for reelection to the House of Representatives—subject to the Democratic primary. His record in this body is a sufficient guaranty that he will be faithful to any trust that is reposed in him.

# SAVE YOUR FRUIT!

A SUPPLY OF FRUIT JARS, just received. McMaster, Brice & Ketchin.

# HOTEL FOR RENT.

THE WINSTON HOTEL is offered for rent. It has a good run of custom. Mr. A. F. Gooding kindly agrees to give possession when desired, and will sell furniture on easy terms. G. H. McMASTER, July 31st.
